My dear Sir:-

Please send me, "Spanish Songs of Old California," Lummis and Farnwell.

Perhaps you know and can suggest other pieces of this type that would be useful to me in my musical appreciation class. We are now studying the folk music of America; negro, mountain-white, Creole, Indian, Cowboy and Spanish-California.

Please send me the statement for this music and I will present it to the school board.

yours truly,
Mrs. Guy F. House
